

Plan International USA

SAFEGUARDING CHILDREN AND YOUNG PEOPLE POLICY

As a Plan International entity, Plan International USA follows the Global Policy on Safeguarding. In addition to the requirements laid out in the global policy, Plan USA conducts criminal background checks on:

1. All staff as a condition of employment and periodically thereafter; and
2. All associates who will be in contact with a child, young person and/or program participant as part of their involvement with Plan; and
3. All new child sponsors quarterly and all child sponsors annually. All sponsors who have offenses against children will be assessed using publicly available information and will be removed from the program in a letter sent from the Sr. Director of Law, Governance and Compliance. Plan USA is also notified if there is an offender in the same household. In this circumstance, sponsors will be given the option, in lieu of discontinuance, to be transferred to support a project with no direct contact with children or program participants.

Staff and associates must immediately report any safeguarding concern or breach of this policy in line with Plan USA's Whistleblower Policy. For any questions, concerns or issues regarding this policy, please contact one of the following Plan staff:

- Kate Ezzes, Vice President, Program Development: kate.ezzes@planusa.org
- Amanda Newlove, Sr. Manager of Safeguarding, Risk and Internal Compliance: amanda.newlove@planusa.org
- Tamara Garcia, Sr. Director of Law, Governance and Compliance: tamara.garcia@planusa.org

Plan will investigate all suspected breaches of this policy in accordance with our Code of Ethics and Conduct.

APPLICATION

As a Global Policy, this policy applies to:

- a. Plan International, Inc. ("PII"), including its Global Hub in the United Kingdom (operating through its UK subsidiary, Plan Limited), and all of its country offices, regional hubs, liaison offices, and any other offices, some of which operate as branches and some as subsidiaries;
- b. All National Organisations¹ that have signed a Members' Agreement and License Agreement with PII; and
- c. All other entities that agree to be bound by the Global Policies.

(together, "Plan International Entities", or may be referred to as "we" or "us" in this document).

The Policy applies to all staff² (regardless of nature and terms of association or contract), associates³ and visitors⁴ who must comply with its requirements, including requirement to report, and understand the sanctions that may be applied for breaches of this Policy. In line with the Global Policy on Values, Conduct and Whistleblowing, which includes the Code of Conduct this policy is binding for staff both in and outside of working hours and in all aspects of a staff member's life.

Each of the Plan International Entities, including PII, shall enact their own procedures, regulations or other regulatory documents that enable compliance by its staff (and/or, when appropriate, contractors and other partners) with this Global Policy. Where required by local law or practices, PII offices and National Organisations may enhance the standards and requirements set out in this policy.

Under this policy, any concerned child⁵, adult and/or member of a community where Plan International works has the right to report any concerns, allegations or suspicions or raise a complaint via the appropriate and available reporting procedures.

Reach

The protective scope of this Global Policy covers:

- all children, those aged under 18, regardless of their association with Plan International or our programmes/projects; and
- any child or adult who is the target of, or who we know will be immediately affected by, one or more Plan International associated projects or initiative outputs, hereafter referred to as programme participant⁶. While we are a child-focused organisation our work reaches and involves programme participants of all ages, as such we have a responsibility to safeguard these programme participants, irrespective of their age⁷.

Violence⁸ against any child or programme participant is against, not only the values and principles we uphold as described in this Global Policy, but also in direct opposition to the aims of our work. It is therefore imperative

¹ A legal entity that has signed a Members' Agreement and License Agreement with PII. Please see Appendix 1 for the full definition.

² Individuals who receive a regular salary for work in any Plan International Entity as well as individuals paid by or through a Plan International Entity but located in another entity. Please see Appendix 1 for the full definition of Staff.

³ A range of contracted paid and non-paid individuals who have committed to work with or support a Plan International Entity. It includes, among others, board members, volunteers (including community volunteers), interns, sponsors, researchers, donors, consultants and contractors, staff and/or representatives of partner organisations and local governments (when operating in partnership agreement with a Plan International Entity). Please see Appendix 1 for the full definition of Associate.

⁴ A range of persons who are visiting our offices or programmes/projects and may come into contact with children and young people through a Plan International Entity. A visitor may be a journalist, media, researcher, visiting sponsor or celebrity. Please see Appendix 1 for the full definition.

⁵ Any person – girl, boy, young woman, young man, and children of other gender identities - under the age of 18 years (UNCRC Article 1). Please see Appendix 1 for the full definition of Visitor.

⁶ Any child or adult that is the target of, and that we know will be immediately affected by, one or more project or initiative output; irrespective of whether these are delivered directly by Plan International or by partners or organisations who are acting on behalf of Plan International. Please see Appendix 1 for the full definition of Programme Participant.

⁷ We recognise that our programmes/projects may reach participants who are over 18 years. While these programme participants are adults and may not require distinct consideration, as with children, they still require protection from violence and we retain a duty of care towards them. "Young Person/People" or "Youth" in line with United Nations definitions, include individuals – young women, young men, and young persons of other gender identities - aged 15 years to 24 years old. This group spans the categories of 'children', 'adolescents' and 'adults.' We recognise that the young people we work with have particular safeguarding needs requiring distinct consideration.

⁸ Violence is used throughout this policy to describe all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, emotional ill-treatment or psychological violence, sexual abuse and exploitation, harassment, and commercial or other exploitation. Violence consists of anything that individuals, groups, institutions or organisations do or fail to do, intentionally or unintentionally, which either results in, or has a high likelihood of resulting in, actual or potential harm to a child, young person or adult's wellbeing, dignity, survival and/or development. Please see Appendix 1 for the full definition of Violence.

to our mandate to ensure that children and programme participants do not experience harm⁹, abuse¹⁰, exploitation, or any other form of violence because of their engagement with us or our programmes/projects, events, and processes. Where children who are not programme participants experience violence in the communities, they will be referred to the appropriate authorities, support services and/or absorbed into our protection and other programming interventions as appropriate/needed/can be done.

Safeguarding includes the responsibilities; preventative, responsive and referral measures that we undertake to protect children and programme participants. For us, safeguarding includes protection from sexual harassment, exploitation, and abuse (PSHEA). This Global Policy should be read in conjunction with our PII Policy on PSHEA which provides our clear and explicit stance on PSHEA of children and programme participants and our commitment to preventing SHEA amongst staff. When reading this Global Policy, it should be understood that when we use the term 'safeguarding' this includes the protection of children and programme participants from all forms of sexual violence.

We acknowledge the need to consider gender, intersectionality¹¹ and varying social identities thoroughly while implementing this Global Policy. We must ensure that our safeguarding¹² approach and response to safeguarding concerns uphold a gender and intersectional lens. Gender Responsive Intersectional Safeguarding¹³ is an approach that takes full account of an individual's gender and overlapping social identities and experiences to understand the complexity of the prejudice and/or inequality they face, or conversely, how this may lead to heightened privilege. We use this understanding to identify and respond to an individual's specific safeguarding needs. Our risk assessments; project and programme designs; and safeguarding measures must fully consider and be aware of cultural/societal norms and all intersecting vulnerabilities¹⁴. See Appendix 2 for more information on intersectionality.

PURPOSE

Plan International recognises that violence is prevalent throughout the world and in all societies. Furthermore, children and adults may be vulnerable and at greater risk of violence due to their intersecting identities, for example, due to their gender, sexual orientation, ethnic origin, disability, age or illness.

The purpose of the policy is to ensure:

- all staff, associates and visitors understand the importance of preventing violence in all its forms and their responsibility to ensure that they, their behaviour and work does not result in violence or harm against a child or programme participant.
- all staff, associates and visitors understand their role in preventing violence and harm as well as the consequences of breaching this policy.
- all staff, associates and visitors understand their responsibility to report any concerns relating to violence and harm and have access to clear guidelines on how to report suspected breaches of this policy.
- all staff, associates and visitors understand our commitment to upholding the highest level of personal and professional conduct amongst staff, associates and visitors working in or visiting programming contexts, particularly humanitarian settings where vulnerabilities are increased, ensuring zero tolerance to inaction on reports of any and all safeguarding concerns.
- children and programme participants are aware of our responsibilities to prevent and respond to any harm against them arising from actions and behaviours of our staff, associates and visitors and the routes for reporting such incidents.

⁹ Any intended or unintended detrimental effect on a child's or young person's physical, psychological, or emotional wellbeing. Please see Appendix 1 for the full definition of Harm.

¹⁰ Includes all forms of physical or mental violence, injury or violence, neglect or negligent treatment, emotional ill-treatment or psychological violence, sexual abuse and exploitation, harassment, and commercial or other exploitation. Appendix 1 for the full definition of Abuse.

¹¹ Intersectionality is a theoretical framework for understanding how aspects of a person's social and political identities (e.g., gender, sex, race, class, sexuality, religion, disability, physical appearance, programme participant, etc.) intersect, overlap, and compound to create interdependent forms of discrimination and privilege. Please see Appendix 1 for full definition of Intersectionality. You can also see Appendix 2 for more information.

¹² The responsibilities, preventative, responsive and referral measures that we undertake to protect children and programme participants, ensuring that no child or programme participant is subject to any form of harm as a result of their association with the organisation. Please see Appendix 1 for full definition of Safeguarding.

¹³ Please see Appendix 1 for full definition of Gender Responsive Intersectional Safeguarding.

¹⁴ A person's ability, which is limited by their social and political identities to avoid, resist, cope with or recover from violence, exploitation, and abuse. See Appendix 1 for full definition.

POLICY STATEMENT

We are fully committed to:

- *Creating a safe and inclusive culture that allows children, programme participants, staff, associates and visitors to thrive and feel secure while engaging with Plan International; and supports people to understand, exercise their rights and report any concerns. We promote the active involvement of children and programme participants in their own protection.*
- *Addressing the drivers of gender inequality and unequal power relations that can lead to harm and violence, including sexual harassment¹⁵, sexual exploitation¹⁶ and sexual abuse¹⁷ (SHEA) through gender responsive intersectional safeguarding of all children and programme participants from all forms of violence by staff, associates and visitors.*
- *Strengthening, cultivating and sharing the capacity of all staff, associates and visitors so they understand, and are supported in meeting, their safeguarding roles, responsibilities, and their duty to do no harm. We take positive action to prevent anyone who might be a risk to children and programme participants from becoming involved with us.*
- *Promoting child and programme participant safe practices, approaches, interventions and environments which respect, recognise and respond to the specific safeguarding needs and the different protection risks faced by children and programme participants based on their gender and other identities. We will challenge and do not tolerate inequality, discrimination or exclusion.*
- *Encouraging, facilitating and receiving all reports related to safeguarding or SHEA concerns. We are committed to ensuring appropriate, adequate and accessible mechanisms for reporting are in place for staff, associates, children, programme participants and communities at large.*
- *Responding in a timely, effective, safe, comprehensive, procedurally fair and confidential manner to all Safeguarding complaints, allegations and incidents, ensuring victims'/survivors' perspectives, voices and best interests are central to any efforts to prevent and respond to any safeguarding concern and providing necessary support to victims/survivors. We have zero tolerance to inaction on safeguarding and SHEA reports.*

APPLICABLE REQUIREMENTS

Plan International's values outline how we should work to secure the changes we want to see in the world and to achieve our purpose. Our Values and Behaviours Framework, underpinned by feminist leadership principles, describes in practical terms, how we need to behave to live those values and deliver our leadership commitments and strategy. Our commitment to safeguarding and the application of this policy is driven by our commitment to these values and the following set of guiding principles.

Guiding Principles

1. **Indisputable Rights:** All children under 18 years have equal rights to protection from all forms of violence as declared in Article 19 of the United Nations Convention on the Rights of the Child. In addition, the Universal Declaration of Human Rights recognises fundamental human rights, the dignity, worth and equal rights of people at any age.

Plan International respects and upholds the rights of all children and programme participants irrespective of any identities they may hold including their: age, sex, gender, gender identity, sex characteristics, sexual orientation, nationality, ethnic origin, colour, race, language, religious or political beliefs, marital status, disability, physical or mental health, family, socio-economic or cultural background, class, any history of conflict with the law or any other aspect of their background or identity. Inequality, exclusion, and

¹⁵ Unwelcome sexual advance or an unwelcome request for sexual favours or engages in other unwelcome conduct of a sexual nature, or indecently exposes themselves. See Appendix 1 for full definition.

¹⁶ Any actual or attempted Abuse of a position of vulnerability, differential power, or trust for sexual purposes. It includes profiting monetarily, socially, or politically from Sexual Exploitation of another.

¹⁷ The actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions. See Appendix 1 for full definition.

discrimination will be challenged and will not be tolerated.

All children and programme participants must be empowered and encouraged to fulfil their potential. Decisions made about children and programme participants will be made as far as possible with their participation and in their best interests giving full consideration to how such decisions will affect them. Children and programme participants will be encouraged to express their views and will be given 'due weight' in accordance with their age and level of maturity.

2. **Zero Tolerance for Inaction:** Plan International believes that any form of violence is unacceptable and inaction on reports of any Safeguarding concern will not be tolerated. We recognize that zero tolerance does not mean there will be no reports or incidents, nor does it mean that all reports of breaches will result in termination of contracts or employment without due process and investigations. Instead, zero tolerance for inaction means we will act on all safeguarding concerns and allegations, ensuring that our actions are timely, appropriate, and centred on the best interest of the victim/survivor¹⁸, taking into account their specific safeguarding needs and vulnerabilities.

We will take all reports of safeguarding concerns seriously and we will act on these reports with the highest priority, and in accordance with the guiding principles and our procedures. Where investigations are launched, they will be carried out by experienced and qualified professionals, who are trained on sensitive investigations and a victim/survivor centred approach.

No one will be victimised for making a complaint which is made without malice or for personal gain. Plan International is committed to working with complainants¹⁹ and victims/survivors to ensure they are central to any response, are not further harmed or disempowered by any processes, and receive support throughout.

Reports can be made using the relevant and/or country specific procedures which must and will be given to all staff, visitors and associates.

Reports can also be made anonymously in accordance with Plan International's Whistleblowing Policy.

Reports which are malicious will be sanctioned appropriately.

3. **Survivor-Centred:** All decisions and actions in response to safeguarding concerns and allegations and breaches of this policy will be trauma informed: Plan International will recognise the potential and actual impacts of trauma and aim to prevent re-traumatisation. We will be guided by the safety, rights, needs, wishes and empowerment of the victim/survivor, while ensuring procedural fairness to all parties. We will retain the privacy and dignity of the victim/survivor by maintaining confidentiality (within the limits of responding to the report), treating them respectfully, involving them in decision making, as appropriate, and providing comprehensive information and committing to referrals and assistance to support the recovery and safety of the victim/survivor.

Referring incidents of a potentially criminal nature to law enforcement or relevant authorities will be done after taking into account the wishes of an adult victim/survivor, the best interest assessment of a child victim/survivor and the welfare and safety of all parties. Where local or national laws mandate Plan International to report a potential crime to the police or welfare authorities an appropriate safety plan that manages the risks for all concerned must be implemented.

Support will be offered to Victims/Survivors and complainants according to our survivor-centred approach and regardless of whether a formal response is carried out (e.g. an investigation). Support will also be offered as appropriate to others involved in an incident management process, recognising the impact this can have, for example on witnesses and those accused of carrying out inappropriate or harmful behaviours. This can include specialist psychosocial counselling, medical support, legal support and/or access to other specialist and appropriate support as needed. Victims/Survivors and complainants can choose if/when they would like to take up the support options available to them. We are committed to learning from victims/survivors and complainants and being guided by them, where safe and appropriate to do so. We will ensure that cases are referred to appropriate professionals and organisations and that due diligence is taken to ensure that they act in line with our values and puts the welfare of all parties concerned as the highest priority.

4. **Equality and Inclusion:** Plan International recognises that imbalances in power and gender and social inequality are key drivers for violence and SHEA. We recognise that in all societies in which we work, gender and social inequality exists; staff, associates, and programme participants may have learned to accept unequal norms and stereotypes; and that the very nature of our work can unintentionally create and maintain differential power and unequal opportunities.

¹⁸ 'Victim' is a term often used in the legal and medical sectors. 'Survivor' is the term generally preferred in the psychological and social support sectors because it implies resiliency. We use both terms as part of our survivor-centred approach and allow those affected to choose the term they prefer. Please see Appendix 1 for the full definition of victim.

¹⁹ Person making a complaint; it may be the person who experienced what is being reported, or it may be another person. Please see Appendix 1 for the full definition of complainant.

We take an intersectional approach to safeguarding. We consider the ways that multiple identities together create a person's experiences of power, gender and social inequality and therefore vulnerability to violence and SHEA. We take appropriate measures to address implicit and explicit biases and other forms of discrimination and violence, which may arise because of a person's diverse identity and/or position in society. We support the empowerment and inclusion of victim/survivors in the response process, in a manner that promotes equality, equity and ultimately their increased safety and protection.

5. **Shared Responsibility:** All staff, associates and visitors must be aware of and adhere to this policy. Everybody has a responsibility to prevent harm, violence and SHEA. Everybody must take their safeguarding responsibilities seriously and uphold the principles of the policy.

In turn, Plan International will work collaboratively with others to support and strengthen the capacity of partners, the sector and our global organisation to prevent and respond to all Safeguarding concerns. We are responsible for creating safe environments for all children and programme participants. This includes never knowingly allowing a person to become or continue to be, a sponsor where the person: is currently in prison for any type of crime including awaiting trial; or has previously committed crimes against children.

6. **Open and Accountable:** Plan International is committed to openness and transparency. Our leaders will set clear expectations and take personal and organisational responsibility to create safe and inclusive environments to ensure a culture of equity and inclusion. We will maintain our responsibility to provide information on this Global Policy to all programme participants, children, members of communities in which we work, staff, associates and visitors. We will explain our commitments so that everybody understands how to exercise their rights and how to report any concerns related to safeguarding. In order to remain accountable to all staff, associates, visitors and programme participants we will ensure safeguarding concerns can be raised and discussed; poor practice and inappropriate behaviours can be challenged and addressed; and safeguarding measures will be regularly reviewed and strengthened.

We will maintain our responsibility for ensuring safeguarding is mainstreamed into all we do and all our approaches. Our Safeguarding Implementation standards lay down the requirements for ensuring safeguarding measures are embedded in all parts of our operations and interventions. General guidelines for implementing Safeguarding in Practice are provided in Annex 2.

Breaches of this policy will be investigated²² in accordance with the Global Reporting and Responding Guidelines, and the Plan International Entity's disciplinary procedures and contractual agreements. Referrals may be made to statutory authorities for criminal investigation under the law of the country in which the breach occurred.

Any allegation/suspicion of a breach made against a member of staff, associate or visitor will be dealt with as quickly as possible, in a fair and consistent way that provides effective protection for the victim/survivor and at the same time protects the rights of the person who is the subject of the allegation. Actions may be taken during an investigation stage that are intended to be precautionary and not a disciplinary sanction or an assumption of guilt.

Breaches may incur sanctions including disciplinary action leading to possible dismissal, termination of all relations including contractual and partnership agreements, and where relevant, appropriate legal or other such actions. The rights, intersecting identities and vulnerabilities of the alleged perpetrator will also be considered during the course of an investigation to inform an assessment of potential false or malicious accusations against them.

If a legitimate concern about the suspected abuse of a child or programme participant is raised but proves to be unfounded on investigation, no action will be taken against the reporter. However, appropriate sanctions will be applied in cases of false and malicious accusations.

²² Information will be gathered in order to determine whether wrongdoing occurred and, if so, the person(s) responsible. Please see Appendix 1 for full definition of Investigation.

- b. Integrates safeguarding measures that addresses protection risks for all individuals with whom we work that stem from issues relating to gender and other identity bias and discrimination and creates safe spaces where it is safe to challenge and address inequality, power and bias.
- c. Requires us to reflect on our status as a prominent INGO and acknowledge the power imbalance this causes within the organisation (where within the organisation power lies, who typically are the “dominant” and “non-dominant” groups and how these impacts on decisions we take on safeguarding), as well as between the organisation and the wider society.
- d. Develops our capacity to analyse how individuals can be at risk of harm and abuse as a result of our work because of their particular identity (age, gender, sexual orientation, tribe, race, colour, disability etc.)

“Programme Participant”

Direct Programme Participants are the people who are the target of and who we know will be immediately affected by one or more programme/project outputs; irrespective of whether these are delivered directly by Plan International or by partners or organisations who are acting on behalf of Plan International.

- Direct programme participants are individuals who receive materials, equipment; interventions such as training, awareness raising, mentoring or other personal support.
- Direct programme participants may be a single member of a household (for example a mother participating in training on nutrition); or it may be all members in the household (for example, parents enrolled in nutrition programmes/projects for improved family nutrition and health).
- Direct programme participants include sponsor children and their family; advocates and participants in advocacy events or awareness raising; participants in Plan supported projects and programmes; members of Youth Advisory Panels. This not an exhaustive list.

Indirect Programme Participants are the people who are not the direct target of the project, but who we have good reason to expect will derive secondary benefits from the project outputs. These include individuals who:

- Benefit from the increased resources or capacities of a direct programme participant of the project. (For example: The children of the parents who received training in hygiene or parenting; or the family members who also benefit from the increased household income through the person who participated in savings groups.)
- Benefit from interventions that are aimed at improving the conditions for a community as a whole rather than the individual persons or households. (For example: The people who live in the catchment area of the health clinic, school or community water services that has been improved by the project).

Programme participants can be of any age and include young people who we engage with through our programming and influencing interventions.

Where a Programme Participant has a second identity with Plan, e.g. as intern, incentive worker, volunteer or other; their Programme Participant identity will be the dominant identity considered when handling any Safeguarding cases or concerns.

NB: The wider public who might be reached through awareness raising in public media or who might eventually benefit from changes in legislation or policy are not considered part of either direct or indirect programme participants. If counts for specific advocacy projects are required, this should be done by a different, more appropriate method.

“Safeguarding” is the responsibilities, preventative, responsive and referral measures that we undertake to protect children and programme participants, ensuring that no child or programme participant is subject to any form of harm as a result of their association with the organisation. This includes, ensuring that their contact with us and those associated with us and/or their participation in our activities, interventions and operations is safe and where there are concerns over a child or programme participant’s welfare or where a child or programme participant has been subject to violence, appropriate and timely actions are taken to address this and incidents are analysed so as to ensure continued learning for Plan International Entities.

It covers sexual offences including but not limited to: attempted rape (which includes attempts to force someone to perform oral sex); and sexual assault (which includes non-consensual kissing and touching). Sexual harassment can be perpetrated against programme participants, community members, citizens, as well as staff and personnel.

“SHEA” stands for sexual harassment, sexual exploitation and sexual abuse.

“Staff” refers to individuals who receive a regular salary for work in any Plan International Entity as well as individuals paid by or through a Plan International Entity but located in another entity.

“Victim/Survivor” a person who has experienced sexual abuse, exploitation, or harassment. The terms ‘victim’ and ‘survivor’ can be used interchangeably. ‘Victim’ is a term often used in the legal and medical sectors. ‘Survivor’ is the term generally preferred in the psychological and social support sectors because it implies resiliency. We use both terms as part of our survivor-centred approach and allow those affected by sexual abuse and exploitation to choose the term they prefer. A victim/survivor could be a programme participant or a staff member, associate or visitor.

“Violence” against a child, young person or adult includes all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, emotional ill-treatment or psychological violence, sexual abuse and exploitation, harassment, and commercial or other exploitation. Acts of violence can also take place online through, for example, the web, social media or mobile phones. It may be an intentional act involving the use of physical force or power or it may be failing to act to prevent violence against a person.

Violence consists of anything that individuals, groups, institutions or organisations do or fail to do, intentionally or unintentionally, which either results in or has a high likelihood of resulting in actual or potential harm to the child, young person or adult's wellbeing, dignity and survival and development.

“Visitor” refers to a range of persons who are visiting our offices or programmes/projects and may come into contact with children and young people through a Plan International Entity. A visitor may be a journalist, media, researcher, visiting sponsor or celebrity.

Vulnerability refers to a person's ability, which is limited by their social and political identities, to avoid, resist, cope with or recover from violence, exploitation, and abuse. Vulnerable is the greater risk of violence, exploitation, and abuse due to their intersecting identities, for example, due to their gender, sexual orientation, ethnic origin, disability, age or illness.

“Young Person/People” or **“Youth”** in line with United Nations definitions, include individuals – young women, young men, and young persons of other gender identities - aged 15 years to 24 years old. This group spans the categories of ‘children’, ‘adolescents’ and ‘adults’ but regards young people as having particular safeguarding needs and requiring distinct consideration aside from younger children and older adults.

APPENDIX 2: INTERSECTIONALITY

Intersectionality is a way of thinking about power, privilege, and gender that recognises a person's combination of social identities. Social identity is the part of each of us which identifies as a member of a social group. These social groups which impact on our identity may include age, sex, gender, gender identity, sex characteristics, sexual orientation, nationality, ethnic origin, colour, race, language, religious or political beliefs, marital status, disability, physical or mental health, family, socio-economic or cultural background, class, any history of conflict with the law, and more.

Intersectionality means we think about multiple forms of inequality (based on our social identities) at the same time rather than considering each of them separately and we understand how they overlap (or intersect) and compound to create a person's experience of prejudice and inequality, or power and privilege.

Instead of thinking a girl or woman's oppression based on sexism alone, or a Black person's oppression based on racism alone, or a disabled person's oppression based on ableism alone, intersectionality looks at how those identities intersect. For example, intersectionality would seek to understand how a disabled, Asian girl is affected by the overlapping and compounding prejudices and inequalities of sexism, racism, and ableism all at once rather than separately. This girl is cisgender²³, Asian, a person of colour and has a disability and may endure specific forms of prejudice and inequality that Asian boys might not, or Asian girls without a disability might not, or a white girl with a disability might not etc.

Social inequality is the existence of unequal opportunities and rewards for different social positions or statuses within a group or society.

²³ Cisgender describes someone whose gender identity corresponds to their sex assigned at birth

ANNEX 1: SAFEGUARDING CODE OF CONDUCT

Plan International is committed to creating a safe environment for children and programme participants. All staff have a duty to uphold the principles of the Global Safeguarding Policy and commit to maintaining an environment that prevents violence, both at work and outside of work. Further to this, sexual harassment, exploitation and abuse by staff (including those that work in our humanitarian response) constitutes acts of gross misconduct and therefore may be grounds for termination of employment.

- c. Create and maintain an environment which prevents violence, abuse and exploitation of children and programme participants ensuring that I am aware of potential risks with regards to my conduct and work, and take appropriate action so as to minimise risks to children and programme participants.
- d. Contribute to building an environment where children and programme participants are:
 - i. respected and empowered to participate in and discuss decision making and interventions into their safeguarding in accordance with their age, maturity and evolving capacities; and
 - ii. well informed on their safeguarding and protection rights and what to do if they have a concern.
- e. Display high standards of professional behaviour at all times, providing a positive role model for children and young people.
- f. Comply with all relevant international standards and local legislation in relation to child labour, and refrain from using children (those aged below 18 years) for domestic or other labour, if such work is inappropriate, exploitative or harmful given their age or developmental capacity, which interferes with their time available for education and recreational activities, or which places them at significant risk of injury, exploitation, or violence. In addition, I understand that I must not use a programme participant of any age for domestic or other labour.
- g. Respect the privacy and confidentiality of children and programme participants associated with Plan International. This means I will:
 - i. Never ask for or accept personal contact details or invitations to share personal contact details (this includes email, phone numbers, social media contacts, address, webcam, skype, etc.) from any child, programme participant or family associated or formerly associated with our work or share my own personal contact details with such individuals except where this has been explicitly authorised by Plan International and/or for Plan International business purposes.
 - ii. Never disclose, or support the disclosure of, information that identifies children, programme participants, sponsored families or sponsor children, through any medium, unless that disclosure is in accordance with standard Plan International policies and procedures and/or has the explicit consent of Plan International.  - Ask permission of the child or programme participant (or in the case of young children, their parent or guardian) informing them of the specific purpose(s) and intended use (including how and where) and respect their decision to say no making it clear that there will be absolutely no negative repercussions from denying such consent.
 - Ensure the images are respectful and do not affect negatively on their dignity and privacy.

 - Never upload the images of children associated with Plan International or images of programme participants to non-Plan International social media pages without the full and explicit consent of Plan International.

- h. Report and respond to any concerns, suspicions, incidents or allegations of actual or potential abuse to a child or programme participant in accordance with applicable procedures of the engaging office.

- j. Immediately disclose all charges, convictions, and other outcomes of an offence, which occurred before or occurs during association with Plan International that relate to exploitation and abuse of a child or young person.

I agree that I will not:

- a. Abuse, exploit or harass a child or programme participant or behave in any way that places a child or programme participant at risk of harm, including through harmful traditional practices such as, for example, Female Genital Mutilation, forced or child marriage.
- b. Fondle, hold, kiss, hug or touch children or programme participants in an inappropriate way or a manner that is contrary to cultural or social safeguarding norms.
- c. Engage in any form of sexual activity or develop physical/sexual relationships with anyone under the age of 18 regardless of the age of consent locally. Mistaken belief in the age of a child is not a defence.
- d. Engage in sexual relationships with Plan International programme participants, regardless of their age, as these undermine the credibility and integrity of Plan International's work and are based on inherently unequal power dynamics.
- e. Engage programme participants in any form of sexual activity that involves the exchange of money, employment, goods, or services for sex, including sexual favours or other forms of humiliating, degrading or exploitative behaviour. This includes exchange of assistance that is due to programme participants.

Where it is necessary to sleep close to unaccompanied children and programme participants, I will make sure that another adult is present and it is in line with authorised procedures.
- i. Do things of a personal nature for a programme participant or child with whom I am in contact in a work-related context, (e.g. taking a child to the toilet/bathroom; helping them get un/dressed etc.) that they can do for themselves.

The above is not an exhaustive list. Staff, associates, and visitors should consider all related actions and behaviour which may compromise the rights and safeguarding of children and programme participants.

Personal Conduct outside Work or Engagement with Us

We do not dictate the belief and value systems by which staff, associates, and visitors conduct their personal lives. However, actions taken out of working hours that are seen to contradict this policy or bring the organisation into disrepute in regard to our Safeguarding standards may be considered a violation of the policy. Our staff, managers, associates, and visitors are required to adhere to principles of the Global Policy on Safeguarding both at work and outside work.

ANNEX 2: GUIDELINES FOR IMPLEMENTING SAFEGUARDING IN PRACTICE

These guidelines outline the requirements for safeguarding and PSHEA of children and programme participants that are applicable to organisations that work with Plan International Entities in carrying out our programmes/projects.

They are particularly applicable to organisations assessed as having contact with children and programme participants, working with children and programme participants, and/or whose projects, programmes, processes, activities, advocacy and influence work impact on children and programme participants. Organisations funded by a Plan International Entity are expected to build on these guidelines as appropriate based on the nature of their activities and risks to children and programme participants.

The guidelines illustrate our commitment to support and respect children's and programme participants' rights to be protected from harm, and to provide a safe and protective environment for children and programme participants who are involved with any programmes/projects funded by a Plan International Entity.

The guidelines should be applied in relation to children and/or programme participants as appropriate, depending on the group the organisation works with.

1. **Prevention:** The Organisation must take appropriate measures to manage child and/or programme participant safeguarding and PSHEA risk factors and prevent abuse and exploitation before it occurs. Prevention measures should include organisational safeguarding and PSHEA policies, codes of conduct and associated procedures; the management of risks in relation to its operations, activities and interventions; and the production and promotion of 'child and programme participant friendly' safeguarding and PSHEA information and resources.
2. **Code of Conduct:** Each Organisation is required to ensure that their personnel avoid any behaviour or conduct that compromises the safety and protection of children and/or programme participants within its activities, operations and programmes. In addition, programmes and activities working directly with children and/or programme participants or involving direct contact between the same should develop guidance on expected and acceptable behaviour for children and/or programme participants towards each other. This should be incorporated into policy and practice documents.
3. **Gender Equality and Non-Discrimination:** The Organisation should ensure that all Safeguarding and PSHEA policies and procedures take into account gender equality and non-discrimination requirements; adopting an intersectional approach. Recognising that girls, boys, young women, young men, and children and programme participants of different gender identities may face different risks relating to their safety and protection and that all children and/or programme participants have an equal right to protection, irrespective of: age, sex, gender, gender identity, sexual orientation, nationality, ethnic origin, colour, race, language, religious or political beliefs, marital status, disability, physical or mental health, family, socio-economic or cultural background, or class.
4. **Screening Procedures:** There should be detailed screening procedures for all personnel (including unpaid volunteers) who will come into contact with children and/or programme participants (directly or indirectly). Screening procedures should be as available in each country and updated on a regular basis, where possible. Screening procedures may include certificate of good conduct, police reference checks or equivalent, verification that applicants are not listed in national registries of child offenders; a detailed application and interview process; references who support the applicant's suitability to work with children and/or programme participants.
5. **Awareness:** The Organisation should ensure that all personnel, sub-contractors or consultants or affiliates involved with programmes are aware of safeguarding and PSHEA risks, policies and procedures; and their safeguarding and PSHEA responsibilities. In addition children and/or programme participants engaged and their parents, guardians or carers should be informed of the same so that they know what behaviours to expect and how to report any concerns.
6. **Capacity Sharing:** The Organisation should develop and share the capacity of all who work with and for children and/or programme participants to appropriately prevent, detect, report and respond to safeguarding and PSHEA concerns and particularly as they pertain to differing gender and other identities. Efforts should be made to ensure organisational policies and practices are understood and can be effectively implemented through mandatory inductions and on-going training courses for all staff and volunteers and other associates.
7. **Participation of children and/or programme participants:** Children and/or programme participants should be actively, meaningfully and ethically involved in the development of safeguarding and PSHEA measures in accordance with their evolving capacities. Children and/or programme participants must not be treated simply as objects of concern but rather listened to and taken seriously and treated as individual people with their own views.

8. **Reporting mechanisms for children and/or programme participants and staff:** Mechanisms should be established that enable the safe reporting of safeguarding and SHEA concerns. Such mechanisms should ensure appropriate escalation of concerns within the organisation, referral to the appropriate authorities and confidentiality. In addition, child and programme participants reporting mechanisms should be accessible, friendly and sensitive to their differing needs. It is important that complaints mechanisms are established with the participation and input of different groups of children and programme participants, as well as communities, so they work for all users as necessary.
9. **Response and Follow Up:** Organisational policies and procedures should include appropriate measures to support and protect children and/or programme participants when concerns arise. All measures taken to respond to a safeguarding and SHEA concern should take into account the best interest of the child or programme participants and be sensitive to their differing gender and other identities ensuring they are kept safe and protected. Response measures should be appropriately risk assessed and endeavour to ensure no further harm comes to the child and/or programme participant as a result of any actions taken by the Organisation.

Concerns should be written up and information kept in accordance with the privacy and confidentiality policies of the Organisation and/or local legislation. In addition, organisational processes should ensure response evaluation and follow up for organisational learning.

The Organisation should also advise Plan International of any complaints of abuse to children and/or programme participant in line with the working agreement.
10. **Implementation, Monitoring and Review:** The implementation and monitoring of the Safeguarding Policy for each Organisation should be reviewed at regular intervals as determined necessary by the Organisation, preferably at least every three (3) years, where possible.
11. **Sanction and Discipline of Organisation personnel:** The Organisation policies and procedures should provide for appropriate sanctions and disciplinary measures which ensures children and programme participants are protected from further potential harm. This may include the immediate suspension of personnel until such time as the allegations are followed up and either substantiated or refuted and/or where personnel is convicted of abusing a child or programme participant, the said personnel is immediately terminated with cause from his or her position.
12. **Informed Consent:** The Organisation should provide children (and their parent(s)/legal guardian(s) where applicable) and/or programme participants, with all necessary details (including on any associated risk,) to make an informed decision regarding their participation in programmes and activities, including any voice recordings, video or photographs of children and/or programme participants (including how and where these will be used). Participation and/or usage of information and/or images should only take place after consent is obtained.
13. **Protection of Personal Information:** Personal information regarding any child or children and/or programme participants, whether or not such information is obtained as part of the programmes/projects involving children and/or programme participants, should be treated confidentially. There should be clear procedures showing the responsibilities within the organisation for accessing and using such data with appropriate authorisations, in accordance with Local and Global Data Privacy frames. In addition, such data should not be disclosed to any third party, except in accordance with the policies of the Organisation or as required by applicable local laws. Personal information includes, but is not limited to, any information that can be linked to or used to identify a child and/or programme participant.
14. **Working with partners:** The Organisation should ensure adequate safeguarding and PSHEA assessments are made as part of its due diligence processes when it comes to partnership working. Third party entities that are contracted or supported to work with children and programme participants must be subject to the same safeguarding and PSHEA principles and approach outlined in the Organisations policy and procedures. Vendors, suppliers and other contractors that may be in direct or indirect contact with children or programme participants must also be subject to appropriate safeguarding and PSHEA measures.

If you answer **no to all** of the above questions this incident does not fall under the scope of the Global Safeguarding Policy.

If you answer **yes to any** of the above questions this incident falls under the scope of the Global Safeguarding Policy. Please proceed to Decision Tree C below to determine if it is an internal or external case.

Please note however, that where a Plan staff harms an adult (i.e aged 18 years and above) who is not a programme participant, and this is reported to Plan, you will need to report the issue under the PII Conduct for staff-on-staff misconduct or acts which bring the organisation's reputation into disrepute.

C. Reporting under the policy

What do you need to report?

Under the policy you need to report:

- a. Where *the alleged perpetrator is a Plan International Staff, Associate or Visitor*, all safeguarding concerns and breaches of the policy (including those related to our interventions, activities, operations and engagement) must be reported. These cases are also referred to as internal cases.
- b. Where *the alleged perpetrator is outside the scope of the policy* (i.e. not a Staff, Associate or Visitor) only safeguarding concerns relating to sexual abuse and exploitation, a potential crime as per the local legislation and/or other serious forms of violence which are reported to the Plan International office/staff or Plan International is made aware of should be reported under the policy. These cases are also referred to as external cases.
- c. All types of abuse and violence regardless of who the perpetrator is *where local law so requires*.

Who do you report to?

Under the policy each office has staff designated to deal with breaches of the Global Safeguarding Policy. These staff are known as the [Safeguarding \(and PSHEA\) Focal Points](#).

IMPORTANT: If you have a concern, don't waste time wondering whether the concern is something that should be reported under the policy. You should immediately (at least within 24 hours) make a report to your Safeguarding (and PSHEA) Focal Point, line manager and/or the relevant Office Director. They will then take further action to ensure that the issue is addressed and appropriate referrals are made in line with local procedures.

Please note that reports can also be made anonymously in accordance with Plan International's Whistleblowing Policy.

It is the responsibility of your local/engaging office to provide you with written guidance (and training as appropriate to your engagement with Plan International) **on how to report and respond** to safeguarding concerns and breaches of the Global Safeguarding Policy (this will include what should be reported and to whom to report). If this is not done, ask to speak to your engaging manager, Office Director or [Safeguarding \(and PSHEA\) Focal Point](#).
