The impact of Plan’s Youth Leadership Academy

500+ young leaders from across the U.S. have graduated from Plan programs (and counting!)

In a survey of young people who participated in Plan programming in the U.S. …

89% said they felt they have the ability to motivate others thanks to what they learned.

79% saw an improvement in their self-confidence.

80% highlighted passion and ability to advocate for social justice as one of the three top impacts of their participation.

76% said that the experience contributed to their current beliefs or attitudes about setting goals and achieving them.

93% strongly believe that young people have a role to play in changing social norms.
